Summary

Bachelor's Degree from Federation University | Master of Technology in Software Engineering | Avid Tech Enthusiast | ⚽ Sports & Movie Lover
About:

Hi! I'm Devendra, a Federation University graduate with a Bachelor's degree of Information Technology, now pursuing a Master's in Software Engineering. I've loved computers since school and enjoy coding, web/app development.

In my free time, I stay updated on tech trends, listen to music, watch movies, and play football. I believe in a balanced life to keep myself motivated and sharp.

Skills:

Software Engineering
Web/App Development
Coding
Problem Solving
Connect:

Let's connect to exchange thoughts, ideas, or discuss projects. Always eager to expand my network and explore opportunities!
